

On November 6th from 9.30 to 2, the **All Wales Safety Partnership** will meet at the headquarters of Dyfed Powys Police in Carmarthen, to discuss its plans to offer support and engagement for organisations across Wales who work to safeguard the health, safety, welfare and well-being of those we represent.

If awareness of the '**Partnership**' is new to you, please note that:

- We are not a membership organisation, more an affiliation of groups across Wales with the aim of engaging, cooperating, and influencing.
- We are not replacing any existing standing group or the interests of its members. We will encourage support for, and engagement with those groups, their initiatives, and their areas of influence.
- We will be looking to offer opportunities for anyone with interest, commitment, and the ability to engage with us and support Wales-wide projects targeted at improving the health, safety, welfare, and well-being of others.

Over fourteen organisations representing their members and participants who have been involved in the project will hopefully be present, and will discuss an agenda that includes:

- ❖ Working relationships and representation with Welsh Government and HSE, and other regulatory bodies, their plans, and initiatives and how we support them.
- ❖ **All Wales** focussed initiatives that will, through the involvement of a cross section of representatives drawn from all partners, make a tangible, and significant impact on the health, safety, and well-being of those we are tasked with representing.
- ❖ The structure of the partnership, plans for moving forward, regularity of meetings and their format, future topics and agendas, and the need for increased participation and support.

Come along and contribute and see at how you can have a significant influence. Please email [allwalessafetypartnership@gmail.com](mailto:allwalessafetypartnership@gmail.com) letting us know your name, and the group/organisation you are a member of. We will respond with more details of the venue, access, and the agenda. Refreshments including a light lunch will be provided.

I look forward to welcoming health and safety professionals from all over Wales, and representatives of our partner organisations to Carmarthen on November 6<sup>th</sup> at the start to what I believe will be a very important collaborative approach to making a real difference to where it will really matter in the months and years ahead.

**Tudor R Williams CFIOSH**

**Chair All Wales Safety Partnership.**
